

The Linda Project **A child has the right to be a child!**

Newsletter 2 – September 2013

Summer is around and everybody is happy. Sunlight and warmth give you such a nice good feeling! Everywhere you see people enjoying themselves, it is vacation time. In Lira all children are also home for holidays. The vacation after the second trimester that is. Their long vacation comes in December.

It is nice to see that the handicraft activities continue during this time. In the afternoon sports and games are on the program. We still have many **necklaces** available, so if you're interested? Let us know. Prices are between € 2,00-€ 4,00.

In September all children will be going back to school for their 3rd and last trimester of this year. It will be a crucial time for our candidates: 8 students will be sitting for their S4 O level exams, 7 pupils are writing their final exams for primary school and 1 student is doing his A level exam. (S6)

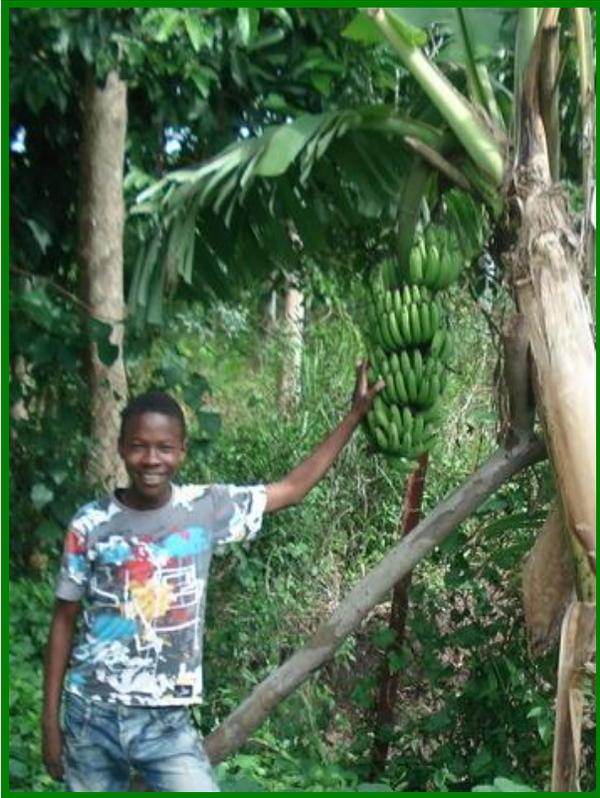

It also means school fees have to be paid again. And they are high. Thank God some new contributors joined us, but we still need many more. **Maybe your company, school, place of work or church are interested in accepting us as their charity?** Check it out!

The electricity company made a second bid as compensation for the dispossession of our premises: € 3.500,00. Oh yeah, so we "happily" continue our court case.

We have made a nice movie about the life of our children. You can see it on **YouTube**. Why don't you have a look, then you will have an idea about how things go in Lira. Copy in your web browser: <http://youtu.be/OyitWOyqbxI> or use **the link on our website** www.lindafoundation.com.

The weather in Lira is off, like everywhere else in the world. If it is supposed to rain, there is only sunshine and vice versa. We planted ground nuts, since we like those very much, but unfortunately they all withered away, no rain. The tomato plants also look far from thriving, although tomatoes are there. The cabbage and banana's are doing much better, the beans are also coming up. And the oranges look very good, eh.

Banana's

oranges

cabbage

In Canada lives a lady who supports our work for the children in Northern Uganda already for years. She has made 2 beautiful tapestries of the magnificent environment in British Columbia, Canada. She calls it **“fabric-art”**. She is willing to sell these, the proceeds will go to our children. If you are interested in purchasing one or both of these works of art, please contact us.

I'm glad to inform you that my health is quite all right again. I am in The Netherlands, undergoing 8 weeks of hyperbare oxygen therapy. In a tank they create a pressure of 2,5 atm. and have you breathe 100% pure oxygen. This is supposed to help heal wounds. Let's pray that it works. On 6 October I hope to be back in Lira.

The anual report 2012 is ready. You can find it on the website. If you prefer a paper version, or if you would like a more detailed financial report, please contact our secretary. He will send you these gladly.

Linda Primary School is doing fine, it's only quite sad that there is still only teaching the Uganda way. Nobody has come forth to offer help to teach these teachers how to teach in a modern way. That's too bad really. But, maybe you can help us find someone(s), who would like to spend a few months with us as volunteers, to help the teachers?

Isaac, Stephen, Bonny en Moses standing in the beans, with the mango trees in the background

Thanks a lot!

Dear people, we again thank you tremendously for your continuing support and sympathy for our cause. Until next time,
Jozina
